National Infrastructure Planning Association

Award 2023

Executive Summary

This should be a short summary of your written submission and clearly demonstrate how the project showcases best practice and the benefits that this has brought to the project, the developer, key stakeholders and host communities.

In addition, the submission should (a) show how good design and climate change considerations have been integrated into the project; and (b) set out what role Early Years Practitioners (those in their first 10 years of practice/qualification) played within the project team and the difference this brought to the project.

Further Information and Evidence (including photographs and stakeholder quotes)

Photos may be used in presentations or publications and so should be to the highest resolution, with images ideally 1920 pixels across, and vertical images 1200 pixels high and 96dpi.)

Please note that we will not accept out of focus blurred or pixelated images or any that contravene copyright laws.
